SERVING ALL AGE GROUPS

THE DAY NURSERY

The Day Nursery provides day care for the children of mothers who must work in order to support their families; the children whose parents must work after a long unemployment period and children of homes where equally difficult situations prevail.

The Nursery strives toward a close relationship between its trained staff and parents. The child's development is discussed in frequent conferences and at Parent Club meetings.

Age Groups: 3 - 8 years

A Day at the Nursery

Children arrive at 7:30. They are served a snack at 9. They build with blocks, paint, model clay and sing. Hot lunch is served at noon — then to sleep in their cots. In the afternoon, — group games, stories, and more song. Outdoor activity is planned in our own playground in good weather. Educational trips are taken regularly.

Nursery Fees: \$5 - \$15 Per Week Based on Ability to Pay.

N. J. DOCUMENTS
NEWARK LIBRARY

it's time to be selfish . . .

In one way or another each of us lends his support to some worthy cause that is so far removed from our daily lives that we never see the fruits of our efforts. These unselfish acts deserve the highest commendation and — NOW IS THE TIME TO BE SELFISH!

Now is the time to think about a problem that confronts every one of us who lives, works or does business in and around Newark. Now is the time to think about building a sound, healthy community to enrich all our lives. To achieve this we must start with a high regard for every citizen. The welfare of children, teenagers, adults and senior citizens must be provided for regardless of age, ability, race or religion.

The Fuld Neighborhood House in Newark's Central Ward is dedicated to the job of providing the guidance and leadership necessary to build a new Newark. Its aim is to develop decent citizens and responsible civic leaders. Through this work the entire community will profit. The Fuld Neighborhood House needs and deserves everyone's support. We must give generously to The Fuld Neighborhood House now!

these are some of the projects currently being carried out by the Fuld Neighborhood House

The only Street-Gang Workout in the state of New Jersey — to help anti-social groups to develop socially acceptable activities.

The only Day Camp in the Central Ward — to provide summer fun for more than 100 children.

The most modern Day Care Center in the city of Newark — to serve 60 children of working mothers 5 days per week, 7:30 A.M. - 3:00 P.M.

The only Golden Age Club in the Central Ward — to provide something to look forward to for these 65 and older.

NEIGHBORHOOD BUILDING

***Are You Interested
In Your Neighbors?***

**HOW ABOUT A PROFESSION IN
NEIGHBORHOOD BUILDING?**

.....
?
.....

DO YOU LIKE PEOPLE?

People of all ages, sizes, colors, differing beliefs and economic backgrounds?

Do you want to work with people?

ARE YOU INTERESTED IN NEIGHBORHOOD LIFE?

Concerned about the problems of people living in neighborhoods?

Eager to tackle difficult problems with your neighbors?

DO YOU ENJOY HOBBIES AND RECREATIONAL ACTIVITIES?

Developing skills and making things with your hands?

Parties, athletic and social events?

ARE YOU INTERESTED IN BEING A LEADER?

In taking responsibility?

In pioneering on social frontiers?

If so, why not consider a PROFESSIONAL CAREER IN NEIGHBORHOOD CENTER WORK

Settlement houses and neighborhood centers were organized in the last decade of the 1890s to help individuals to realize their greatest potentials and to help neighbors to develop the spirit that makes barren streets into neighborhoods.

The programs of these settlements and neighborhood centers differ from agency to agency, since they are developed from the needs and interests of the particular neighborhood in which each house is located.

NEIGHBORHOOD CENTER PROGRAMS FALL INTO THREE MAIN CATEGORIES—

SERVICES TO GROUPS

The major focus in all groups in settlements and neighborhood centers is on personal relations. With skilled leadership, the interest of group members in each other unites them in achieving their own social goals and helps them to grow as individuals.

SERVICES TO INDIVIDUALS AND FAMILIES

These may include such things as individual and family counseling services to newcomers; citizenship and adult education classes; aid in finding jobs and housing; nursery school and day care; art and music lessons; camping.

CO-OPERATION WITH NEIGHBORHOOD ORGANIZATIONS

This includes co-operation and participation in the work of neighborhood and community organizations such as schools, lodges, churches, merchants' associations, veterans' groups, civic clubs and the like. Often settlement houses either sponsor or actively participate in neighborhood or district councils.

WHAT ARE THE JOB OPPORTUNITIES?

The largest number of job openings in neighborhood centers is for recreation or group workers. These include such positions as:

GROUP WORKER—the group worker directs groups of all ages as a leader or teacher of informal program activities.

SPECIALIST—a specialist teaches music, art, physical education or other specialized skills.

PROGRAM DIRECTOR—a program director is the person in charge of planning and carrying out all programs of the center. He, or she, supervises other workers in the program.

There are other professional opportunities in neighborhood center work:

CASE WORKER—works with individuals and families in solving housing, medical, emotional, financial and other problems.

NURSERY SCHOOL TEACHER & DIRECTOR—guides the early social development of pre-school children.

COMMUNITY ORGANIZER—works with neighborhood organizations in solving common problems.

EXECUTIVE DIRECTOR—gives leadership and administers the program of the neighborhood center.

WHAT ARE THE SALARIES AND WORKING CONDITIONS?

SALARIES—Salaries in neighborhood centers vary widely, depending on the education and experience of the worker and the responsibility of the job he is carrying. College graduate group workers can earn between \$4,000 and \$5,600 a year; those with master's degrees can earn between \$4,400 and \$6,400. Most salaries increase annually to a maximum. Top program directors receive between \$5,200 and \$7,600; and executive directors, between \$6,000 and \$13,500.

HOURS OF WORK—Neighborhood center workers are most active during the leisure time hours of others. This means that they often work while others play. The National Federation of Settlements and Neighborhood Centers, to which most houses belong, recommends a 40-hour work week and not more than four evenings of work a week.

VACATIONS—Most centers have an annual vacation leave of one month for professional workers.

CHANCES FOR ADVANCEMENT—Neighborhood center work is a field in which the chances for advancement are great for well qualified workers. Demand for skilled workers has long exceeded the supply. Opportunities are myriad for both men and women.

HOW DO I PREPARE MYSELF?

IN HIGH SCHOOL—

Take a college preparatory course. Engage in extra-curricular activities. Develop skills in dramatics, music, crafts and games. Visit community agencies in your neighborhood.

IN COLLEGE—

Take a liberal arts course. A major in the social sciences is most helpful. Develop an active personal life. Belong to clubs and organizations. Keep informed on what's going on in the world. Do some volunteer community service. Explore the opportunities in local group work agencies for part-time work or summer jobs. You may wish to consider working as an assistant or aide before you go to graduate school so as to be sure you are qualified and ready for further training.

IN GRADUATE SCHOOL—

It is important to go on to a graduate school of social work if you can. You will be better qualified, you can command a larger salary and opportunities for advancement are better. This is a two-year course. Most schools offer scholarships and fellowships.

for a list of accredited schools and for scholarship information.

WHAT ARE SOME OF THE SATISFACTIONS OF NEIGHBORHOOD CENTER WORK?

You will find an opportunity to make a contribution that is uniquely yours.

You will meet many interesting people—the little fellow growing up, the workingman on the street, the police captain, the politician, the religious leader, the industrialist.

You will learn something new each day about the fascinating ever-changing nature of people.

You will work with them on a variety of challenging problems. Why do differing cultural groups find integration so difficult? Why does the teen-ager turn to dope? Why do neighborhoods deteriorate? How do you plan services for new neighborhoods?

Professional opportunities in neighborhood centers can be found throughout the United States.
